

Editors Note: Sorry to report that family business caused me to get to this late date before I could publish the January edition of The Conjurer. As you can see, I have not yet been able to address the software crash from last month that claimed the usual format of this newsletter. Now that 2018 is upon us, I hope to find a way to either repair the software or replace it. In the meantime, here is the alternate format issue of the newsletter.

Presidents message – January 2018

Happy New Year! I hope everyone had a wonderful and restful holiday.

As we welcome 2018 its time to settle in and make it a great year for our club. For the second straight year I am honored to serve as president for SAM 112. Of course, I don't work alone so I would like to welcome our new and returning board members who help make this club the success it is. The Board and I are already hard at work to bring you the best meetings possible so if you have any constructive thoughts, comments or suggestions I would love to hear from you. We are committed to build on our past success and continue to be one of the best clubs in Northern California.

Our workshop and meeting format will continue and I invite anyone who would like to teach an effect for an upcoming workshop please let me or a Board member know. The only criteria to consider is that the effect should be within the capability of most members and you should be able to teach it in about an hour. This is your club and the more participation we have from our general members the stronger and more successful our magic club will be.

At our January 17th meeting the magic theme is, "What I got for Christmas." So bring in that new effect Santa was so kind to leave you under the tree and dazzle your fellow compeers. We will also have our monthly raffle and if there is anything left in Larry's garage our monthly auction.

Our Installation and Awards Banquet is scheduled for Wednesday, February 21, from 6:00 to 9:00 pm. at Fuddruckers. The evening will be highlighted by a fantastic show featuring our own Ric and Kara Ewing, Diego Cervantes, one of our up and coming stars from our young magicians club and one of my personal favorites, Timothy James. If you haven't seen them perform you're in for a real treat. Tickets will be on sale at our January meeting. Tickets are limited so get them fast. You will not find a better value for your money. Please see the event flyer included in this newsletter for full details.

The start of a new year means its dues time again. The good news is that this year the local annual dues is only \$20.00 and family members can still be included in local assembly membership for only an additional \$5.00 each.

Looking forward to a great and successful year. May 2018 be your most magical year yet and shower you with good health, happiness, and prosperity.

Editor's note: I did not receive a meeting report, pictures from the December meeting, nor the S.Y.M. report this month. Hopefully the content for the newsletter will improve for next month's issue.
